

Here is the DuPont Nason Full-Cryl II brand paint code match for the Earthmaster tractor. Any reputable automotive paint supplier should be able to match/cross this code to your preferred label. This code is for acrylic enamel requiring a catalyst hardener.

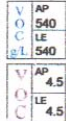

This paint chip was scanned from a new battery door that my father had gotten from North Carolina. It is near Greg's color, but this one has more orange.

44128 ID Cost Code: E **FUL-CRYL II ACRYLIC ENAMEL SS** Alt:
 Car: CHRYSLER
 Code: V1 Year: 1977
